

Customer Service Advice from Telstra

Delay due to severe weather events in Wide Bay and Burnett District of Queensland.

The Wide Bay and Burnett region of Queensland was impacted by severe weather on or about Tuesday 27 October 2020 through to Wednesday 28 October 2020.

An interruption to Telstra's normal operations has occurred leading to delays in installation and repair activities. As many as 850 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at Agnes Water following the coastline south past Bundaberg, Hervey Bay and Rainbow Beach to Double Island Point. From Double Island Point the area heads southwest to Eumundi, west to Bella Creek, southwest to Colinton then west to Kooralgin. The area turns northwest past Durong and Monogorilby to Cracow, northeast to Camboon, east to Mulgildie then northeast back to Agnes Water. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.

How will this affect you?

We anticipate that the majority of services will be restored by 29 November 2020. We're sorry for any inconvenience this delay may cause but we can assure you we are working hard to get things back on track.

What else do you need to know?

Information as to the nature of these severe weather events can be sourced from the Bureau of Meteorology (BOM). Damaging winds, large hailstones and heavy rainfall are referred to in the BOM Severe Weather Warning issued for 27 October 2020 initially at 10:39 am Tuesday, 27 October 2020, reference number IDQ21033; all of which were widely reported in the news media after the events.

Due to this event, we're claiming an exemption under section 21 of the *Telecommunications (Customer Service Guarantee) Standard 2011*, including an exemption from the payment of compensation between **28 October 2020** to **29 November 2020** inclusive for any delays in fixing or connecting services, and the keeping of appointments relating to these activities in the impacted area.
