Email: tio@tio.com.au
Website: www.tio.com.au

Please note this is only a summary, if you would like more information regarding this offering, please contact us. Pricing mentioned was correct at the time of printing.

CONNECTION CHARGES	Standard installation is included with your plan. Where additional work is required to connect your BuroLine services this is not a standard installation. Buroserv will pass on any additional fees. Additional fees may include but are not limited to NBN New development charge of \$300 and/or \$300 for a new copper pair. In such cases, Buroserv will obtain your approval before proceeding with the installation. A 240-volt power supply may be required. In the event of a power outage, your services will not work unless you maintain a back-up battery. If you take up an BuroLine service, you will not be able to move back to a copper based service.
HARDWARE	A modem is supplied with this service. The modem will be delivered to your premises, and requires a signature on delivery. The modem is delivered ready to 'plug and play', just follow the instructions in the box. Information about the modem is available at https://buroserv.com.au/important-documents/ . A handset is not provided with this service, your existing analogue handset should work and needs to be plugged into the phone port in the supplied modem, however Buroserv makes no guarantee that your existing handset will work.
ACCESS TECHNOLOGY	The service is supplied in part over the NBN Co network, and in part over the Buroserv IP Telephony network for the carriage of voice calls only. If you change your residence, we will need to order a new NBN service at your new address, but you may be able to keep your service number. We may change the technology we use to provide your service from time to time. We will let you know before we make this kind of change if it will affect your service. You cannot browse the internet using this service.
BRINGING OVER EXISTING NUMBER	Your current number will be ported at no charge by us to you. You should check with your current provider to discover any charges they may apply.
CONNECTION TIMEFRAME	If there has been a previous working NBN service at your premises and we can reconnect it without having to visit your premises, then we aim to connect the service within 5-7 working days of your request. If this isn't possible, then we aim to connect your service within 10-15 working days, depending on your location.
BILLING	<p>We will bill you in advance for the Monthly Charge. Your bill will include charges for part of the month from the date you signed up to your plan until the end of that billing period, as well as the Monthly Charge in advance for the next billing period.</p> <p>A postage and handling fee of \$2.50 ex GST is charged for bills delivered by post.</p> <p>A monthly fee of \$2.50 ex GST is charged for accounts not on direct debit.</p> <p>If you cancel the service mid-month, no part period credit is available.</p>
