

CUSTOMER SERVICE ADVICE FROM TELSTRA

Delay due to staff redeployment in Perth and surrounding Lower West District of Western Australia.

The Sydney Metropolitan, Hunter, Illawarra, Mid North Coast, Northern Rivers, Northern Tablelands and South Coast Districts of New South Wales were impacted by extreme weather on or about Friday 7 February 2020 through to Monday 10 February 2020. This event resulted in extensive damage to Telstra's telecommunications network. Due to the extent and severity of these ongoing extreme weather events, Telstra is redeploying a large number of staff from across Australia to the affected regions.

The effect of these circumstances has meant that there are delays to normal installation and repair activities in Perth and the surrounding Lower West District of Western Australia, as staff from this region are redeployed.
