

Information About The Service

What's on offer?

You are being provided with a post-paid Fixed Wire Telephone Service with TeleMates using the Telstra telephone network in Australia for making Local Calls, Long Distance Calls, Calls to Mobiles and International Calls and Broadband ADSL connection. This service agreement requires both your Landline and Broadband Internet Service to be with TeleMates.

This service is suitable for residential connections only and is only available to customers who apply for connection before 30th April 2014.

What is the minimum term of this agreement?

The minimum term of the agreement is 24 months.

Is any telephone hardware included with this agreement?

You will use your own existing telephone handset or system to make and receive calls. You will also require an ADSL 2+ compatible Broadband Modem to connect to the Internet. Pre-configured modems are available for purchase.

This service is available where ADSL 2+/ADSL 1 services are available in Australia. If your exchange is not equipped for ADSL you will not be able to obtain this service.
