What is the minimum cost of the agreement?

The minimum cost of the 24 month agreement is \$2,158.80.

What are the early termination fees applicable if I cancel early?

If you cancel your service at any time within 24 months of connection, an early termination fee of \$299 will be applicable.

What are the charges for international calls?

200 Calls to 30 international destinations are included as part of this deal. Pricing for international calls are different for every country. A detailed list of per minute rates and the 30 destinations can be found at www.telemates.com.au/megabundleinternational.php

What is the pricing for Value added Services?

Additional services such as Messagebank and Calling Number Display are not included with the monthly access fee. The charges for these services are charged per line, per service as follows:

Service	Cost INC GST
Messagebank	\$6
Calling Number display	\$6

Additional charges will also apply if there are any other Value Added Services currently on your telephone line.

Telephone Line Installation

If you are transferring an existing connected residential telephone line to Telemates then no connection or transfer fees apply. If you are connecting a new telephone line the costs will be as follows:

Call Type	Charge
Telephone Line Installation without a Tech Visit	\$59
New Telephone Line connection with Tech Visit	\$299

Pricing for installation is based purely on the work assessment made by the installation technician and available infrastructure at your locations. A tech visit includes a technician attending the customer premises, street or telephone exchange. Full information on telephone installation can be found at http://www.telemates.com.au/home_phone_new_line.php

ADSL Connection Fees

Connection or transfer of a new ADSL service on an existing telephone service is normally \$99. This fee will be discounted as a special offer under this deal to \$49.

NATIONAL BROADBAND NETWORK (NBN)

The NBN is slowly being rolled out across Australia in each location. Telemates will be in contact with you when the NBN becomes available in your area and any requirements needed for changing over. If the NBN switch off is scheduled in your area you will need to switch to a TeleMates NBN service. Early termination fees will not apply if you switch to a TeleMates NBN service.
